GENERIC FLAG TEMPLATES

This document contains generic templates for all our different flag types. Please note they are not to scale.

Select the page containing the flag shape you wish to order, then print it out and sketch your design roughly onto it to show us how the different design elements are to be placed.

You then have three ways of sending this back to us - scan and email (preferred method), take a digital photo and email (not ideal, but it's a start!) or just go all retro and post it to us with a covering letter.

We will prepare ONE visual free of charge - any subsequent changes will incur a cost of £5 per alteration, so please insure your layout is correct and as detailed as possible when sending us your first copy.
